

Guilherme Mazzolini

Full-stack Developer · Berlin

guilhermemazzolini@hotmail.com [linkedin.com/in/guilhermemazzolini](https://www.linkedin.com/in/guilhermemazzolini) github.com/GuiMazzolini

PROFILE

Full-stack developer building clean, responsive web apps — from client marketing sites to full-stack products. Background in Environmental Engineering; now focused on shipping practical solutions for real users. Comfortable with AI coding tools (Cursor) to move faster, with full ownership of architecture, UX, and the final code.

TECHNICAL SKILLS

Front-end	React, Next.js, TypeScript, JavaScript, Tailwind CSS, GSAP, responsive UI
Back-end	Node.js, Express, REST APIs, MongoDB, Stripe, OAuth, AWS / Serverless
Tools	Git, Vercel, Netlify, Cursor / AI-assisted development

EXPERIENCE

Freelance Full-Stack Developer Berlin, Germany	Feb 2023 – Present
- Shipped client websites (law firm, photographer portfolio) with conversion-focused CTAs and responsive layouts. - Built full-stack products end to end with React/Next.js and Node — from requirements to deployment. - Used AI-assisted development daily while reviewing and owning all shipped code.	
Environmental Project Coordinator Studio Zanskar, São Paulo	Jul 2019 – Jun 2021
Managed client projects end to end with cross-functional teams, timelines, and delivery quality.	

SELECTED PROJECTS
